Announcing Grooming At The Bone Adventure!

Tracy w/ Leo, Milo & Peyton

You have seen our construction project in our front office area. You may not have noticed that we have recently completed our state-of-the-art grooming facility back in the hotel room area. This facility is proud to include the following:

- State of the Art Bath by Forever Stainless. We have two beautiful new tubs designed for maximum comfort and safety of your dog.
- HydroSurge Bathing System provides a fast, deep, and comfortable bath for your dog.
- The FURminator Shed-Less Treatment

What in the heck is a Fluff N Puff?

This free service has been implemented by The Bone since mid summer, 2005. As much fun as your dog has here, we know that he's been rolling around and playing all day, and needs to be freshened up. With a pre-moistened, deodorizing washcloth, one of our staff members wipes down your dog's entire body (Puff), including face and feet, followed by a quick blow dry (Fluff), if your dog is wet. If you let us know the time you will be picking your dog up, we can do our best to have him ready to go at your stated arrival time. The process takes about 3-5 minutes.

Don't have time for the Fluff N Puff? Just ask for a Puff "To Go". We will hand you one of our quick wipes and you can wipe your dog off as you are waiting for the light to change at 17th and Newport!

Spa, Bathing and Grooming Services

The Bone Adventure is proud to have you meet Tracy Vilorio, one of the best groomers we have seen in Orange County! She's been a groomer for 19 years (she started at 10!). She's been part of our team since mid summer, getting us going with our Fluff N puff services and helping us design our spa and grooming area. Once Tracy has an opportunity to meet your dog, she can give you an overall assessment of his grooming requirements, and design a plan to keep your dog's skin, coat, ears, and nails in tip top shape.

Here are some of the services provided:

Boarding Bath

This is a service provided to our boarding and daycare customers. A boarding bath features a bath, and towel dry. This is a free service for clients who have boarded for at least three overnights. The charge for this service is in the area of \$15 to \$45, depending on your dog's size and length of coat.

Spa Bath

A Spa bath includes a complete bath, blow dry, ears, and nails. The complete bath includes a skin analysis by Tracy, and a choice of shampoos, depending on your dog's condition. The spa bath includes a complete HydroSurge Treatment and a Blow dry, using our state of the art equipment.

The Furminator and other Shed-less systems

If you would like your dog to "leave his coat at The Bone Adventure", we offer The Furminator and other de-shedding treatments that will help stop the shedding where it begins: in the undercoat of your dog. A regular de-shedding program will make your pet look and feel better. Within one to two treatments, you will notice a big difference in your dog and what you see at home.

Nail Trim

A nail trim is available for your dog along with any of our services. Just ask! The price is @ \$7.

Full Body Clip and Breed Clip

Tracy is an experienced pet groomer and can accommodate your dog's full grooming treatment. Please take a few moments to consult with Tracy on your dog's unique requirements.
